SCHIRMER'S ORCHIDS

July 1st 1950.

P. O. Box 566

Fallbrook (San Diego County)

California

OPEN SATURDAY AND SUNDAY -OR BY APPOINTMENT  
CLOSED THE ENTIRE MONTH OF AUGUST

CASH PLEASE - NO C.O.D. - IN CALIFORNIA ADD 3% SALES TAX  
PRICES SUBJECT TO CHANGE WITHOUT NOTICE

Unless otherwise advised we will ship via R. R. Express. Any  
damage claim must be made by purchaser to the common carrier.

### CYMBIDIUM ORCHIDS

For the amateur as well as the professional, there is no finer flower, lasting for months as a cut flower, and none so easy to grow as the Cymbidium. We have grown these Orchids over a period of years under the following conditions: In Southern California we grow Cymbidiums out of doors under lath or tree shade, however, some of our friends grow them under glass, either one just so long as they have a good circulation of air but no direct wind. Cymbidium do well planted in raised beds or grown in pots. Plant high so the base of the pseudo bulbs are at surface level, mulch with leaf mold to keep the compost on the acid side. Cymbidium must have good drainage. We use a potting soil of 2 parts leaf mold, 1 part top soil and 1 part pea gravel or decomposed granite. Use plenty of broken pots or coarse gravel in the bottom of the pot.

- - - -

In compiling this list, we are quoting single bulb or growth price. If you desire a plant with 2 or 3 bulbs, or more, you arrive at the price of the plant by multiplying the single bulb price by the number of bulbs you want on the plant. If it is impossible for us to supply you with your choice, we will advise you by return mail - and if you care to make another selection we will appreciate it - we will not make any substitute shipments without your authority, but will return your money immediately. If you want a single (1) bulb, the following prices will prevail.

Colors herein stated are general. We make no guarantee other than that our plants are healthy and vigorous. The following are all from our commercial cut flower stock, free bloomers and strong growers.

<u>Name</u>	<u>Color</u>	<u>Price</u>	<u>Name</u>	<u>Color</u>	<u>Price</u>

The first part of the report deals with the general situation of the country. It is a very interesting and informative study of the country's development. The author has done a great deal of research and has gathered a wealth of material. The report is well written and is a valuable contribution to the study of the country.

The second part of the report deals with the economic situation. It is a very detailed study of the country's economy. The author has done a great deal of research and has gathered a wealth of material. The report is well written and is a valuable contribution to the study of the country's economy.

The third part of the report deals with the social situation. It is a very detailed study of the country's social structure. The author has done a great deal of research and has gathered a wealth of material. The report is well written and is a valuable contribution to the study of the country's social structure.

The fourth part of the report deals with the political situation. It is a very detailed study of the country's political system. The author has done a great deal of research and has gathered a wealth of material. The report is well written and is a valuable contribution to the study of the country's political system.

In conclusion, the report is a very valuable contribution to the study of the country. It is a well written and informative study of the country's development. The author has done a great deal of research and has gathered a wealth of material. The report is a valuable contribution to the study of the country.

The report is a very valuable contribution to the study of the country. It is a well written and informative study of the country's development. The author has done a great deal of research and has gathered a wealth of material. The report is a valuable contribution to the study of the country.
